# STRENGTHS

## QUALITY

Quality is never an accident; it is always the result of high intention, sincere effort, intelligent direction & skillful execution.

## PRICE

We offer you the best competitive pricing without any compromise on the quality.

## DELIVERY

Timely delivery is our promise

## COMMITMENT

The commitment is what transforms a promise into a reality.

## CUSTOMER SATISFACTION

Our company's greatest assets are its satisfied customer because without customers, we are no company.

## INTEGRITY

We work with the highest ethical standards and demonstrate behavior that is honest, decent, and fair. We are dedicated to the highest levels of personal and institutional integrity.

## TEAMWORK

We work together as a team to provide the best solutions & services to our customers.

# INTRODUCTION

MEGATECH CONSTRUCTION AND ENGINEERING PVT.LTD is committed to provide quality products and related services to its clients, to agreed requirements, at the budgeted costs, with on time delivery, within a safe and healthy environment.

MEGATECH CONSTRUCTION AND ENGINEERING PVT LTD. was formed and registered with Chamber of Commerce in Mumbai, India foreseeing the need for the quality and committed contractors in the field of Steel Plants, and Infrastructure industries for Fabrication and erection of Heavy, Medium Steel structural. Design & Engineering, Plant Building, Metal Works, Stainless Steel, Cor Park Shades and its related works and services.

# OUR MISSION

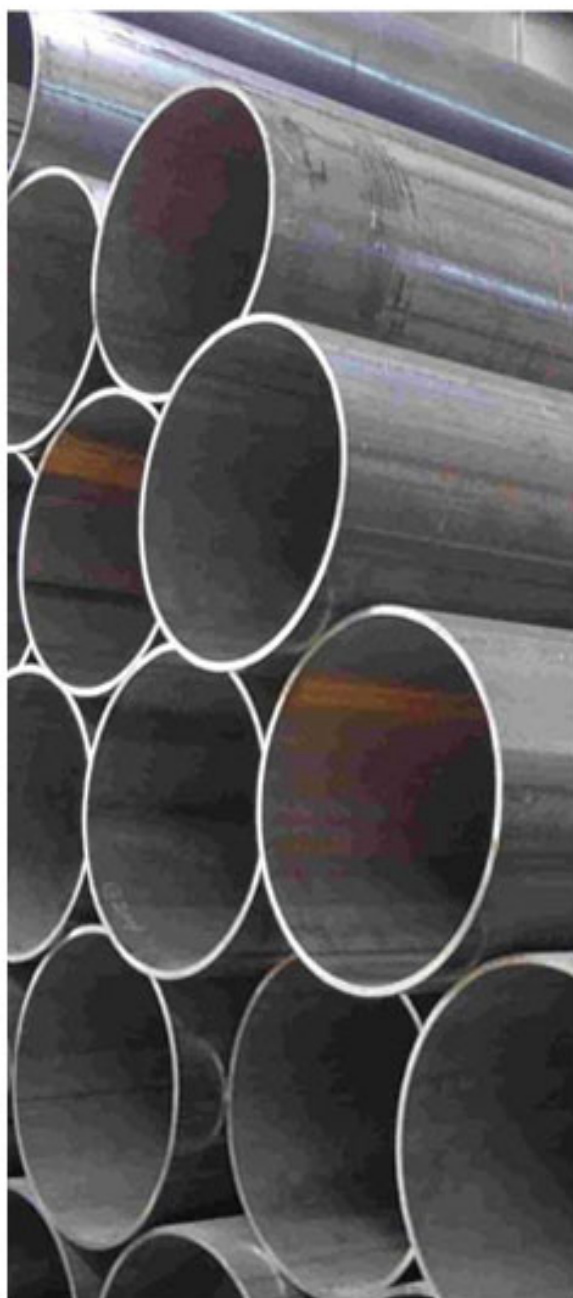

## MISSION

Our mission is to deliver and supply the most noteworthy quality products to our clients utilizing sustainable procedures that meet the most elevated standards. We trust that profoundly talented and motivated employees are the way to accomplishing our goals.

## VISION

Our vision is to participate consistently expanding our production capacities with a specific end goal to meet the epidemically developing demand and therefore hold our position at the front of the steel business.

# CAPABILITIES

MEGATECH CONSTRUCTION AND ENGINEERING PVT.LTD has the capability and resources to carry out Shop as well as on site Fabrication and erection work.

MEGATECH CONSTRUCTION AND ENGINEERING PVT.LTD has very skilled and hands on experienced technicians to execute shop as well as site work.

MEGATECH CONSTRUCTION AND ENGINEERING PVT.LTD has very focused management and highly experienced execution team.

## ABOUT US

MEGATECH CONSTRUCTION AND ENGINEERING PVT.LTD. was formed and registered with Ministry of Commerce and Industry and Chamber of Commerce in Mumbai, India foreseeing the need for the quality and committed contractors in the field of Steel Plants, and Infrastructure industries for Fabrication and erection of Heavy, Medium Steel structural, Design & Engineering, Plant Building, Metal Works, Stainless Steel, Car Park Shades and its related works and services.

Our Fabrication shop is located at Plot No. 9/1/1 Mashwal, Talukawada, Dist-Palghar, Mumbai, covered with workshop sheds and closed sheds for Blasting and painting yards and also very huge area for open yard fabrication.

The manufacturing center is well equipped for quality preparation, machining, welding and allied facilities and operated by skilled manpower. The technical expertise available at MEGATECH CONSTRUCTION AND ENGINEERING PVT.LTD makes it possible to conform to stringent Code/Customer requirements by adoption of Design, Fabrication, Construction, Machining and Testing.

MEGATECH CONSTRUCTION AND ENGINEERING PVT.LTD understand and aware the importance of quality and commitment is the only way to progress in the market, accordingly we have accredited with ISO 9001:2008 Quality Management System.

MEGATECH CONSTRUCTION AND ENGINEERING PVT.LTD is committed to provide quality products and related services to its clients, to agreed requirements, at the budgeted costs, with on time delivery, within a safe and healthy environment.

## WHO WE ARE

MEGATECH CONSTRUCTION AND ENGINEERING PVT.LTD have highly professional team for Design, Engineering, Fabrication Supply and Installation for small, medium and large-scale projects. With our knowledge and expertise team. This is in conjunction with highest standard of workmanship during all stages of Fabrication Process which will enable us to provide our clients with best quality of products and services.

## OUR POLICY

Our policy is to strive hard to ensure our projects are completed on time, within stipulated budget while ensuring utmost customer care and satisfaction. This helps us in achieving long term employees and customer affiliation. Our focus on employee empowerment and customer satisfaction makes us unique in our area of operation. Each Employee is made aware of the need to improve performance and workmanship continuously wherever possible and this provides the best quality product.

## WHY CHOOSE US

Expertise: We have highly experienced and technically sound team to handle big projects with maximum precision and timeliness, owing to our expertise in positively the key strengths that make our team.

● Steel Structure Projects

● Engineering Shop Details

● Fabrication & Erection

● Design and Engineering

● Car Park Shades

● Structural System Proposal & Analysis

● Design And Build for Industrial Plant/Factory

● Plant / Industries Building

● Stainless Steel Works

● Metal Works

Quality is never an accident; it is always the result of high intention, sincere effort, intelligent direction & skillfull execution.

## QUALITY POLICY

MEGATECH CONSTRUCTION AND ENGINEERING PVT. LTD Quality Control Process is implemented through the following key strategies:

Fabrication activities are controlled in accordance with Megatech standard procedure and Client’s specification requirements. Throughout the process, qualified Megatech QC Team will monitor all works to ensure adherence to Specifications and Procedures. All Inspection and Testing is executed in accordance with the approved Inspection & Test plans which indicate Inspection requirements throughout various project stages, including information on acceptance criteria.

The mix of technical, engineering technology, and engineering backgrounds enhancing the department knowledge of quality systems, welding, materials, engineering processes, fabrication and inspection processes.

# OUR SERVICES

We are committed to execute the work as per client requirement, delivered equal to or exceeding the specified requirements of the project.

The general philosophy is to operate and maintain the system which provide documentary evidence that the work has been executed to the issued specification and were any deviation from this has been made that is recorded and approved.

# STEEL FABRICATION

- Structural steel Design and Construction
- Erection Work
- Stainless Steel Balustrades
- Staircase /Stainless Steel Handrails
- Feature Frames/Warehouse Inlets
- Plant building structures (rolled & Built-up sections)
- Technology structures
- Pipe Racks
- Plate fabricated pipes
- Cladding
- Oil & Gas Equipment's/Supports
- Guardrails
- Mezzanine Floors
- Bollards
- Access Platforms
- Steel Staircase
- Platforms
- Structure Work
- Fencing Works
- Fertilizer Plant Machineries
- Cage Ladders/ Cat Ladders
- Chemical Plant Equipment's
- Heavy Steel Fabrications
- Pollution Control Equipment's
- Walkway Platforms /Bridges

## CUTTING BENDING SERVICES

- Plate Cutting -Laser & CNC Plasma
- Sheet Bending
- CNC Plasma Cutting
- Plate Rolling
- Sheet Rolling
- Shearing
- Pipe Rolling

## TENSILE SHADES STRUCTURE

- Car Parking Shades
- Retractable Shades
- Walkway Shades
- Awning Shades
- Window Shades
- Kids Play Area Shades Structures

We work with highest ethical standards and demonstrate a behavior that is honest, decent, and fair. We are dedicated to the highest levels of personal and institutional integrity.

ERFA  
OFFICE

# ENGINEERING STRENGTH

We have a well experienced and highly professional team for Design Engineers, Tekla Modelers Engineers, Draftsman, CAD Detailer, Modelers, drawing checkers etc. to tackle turn-key projects, With our knowledge and expertise team.

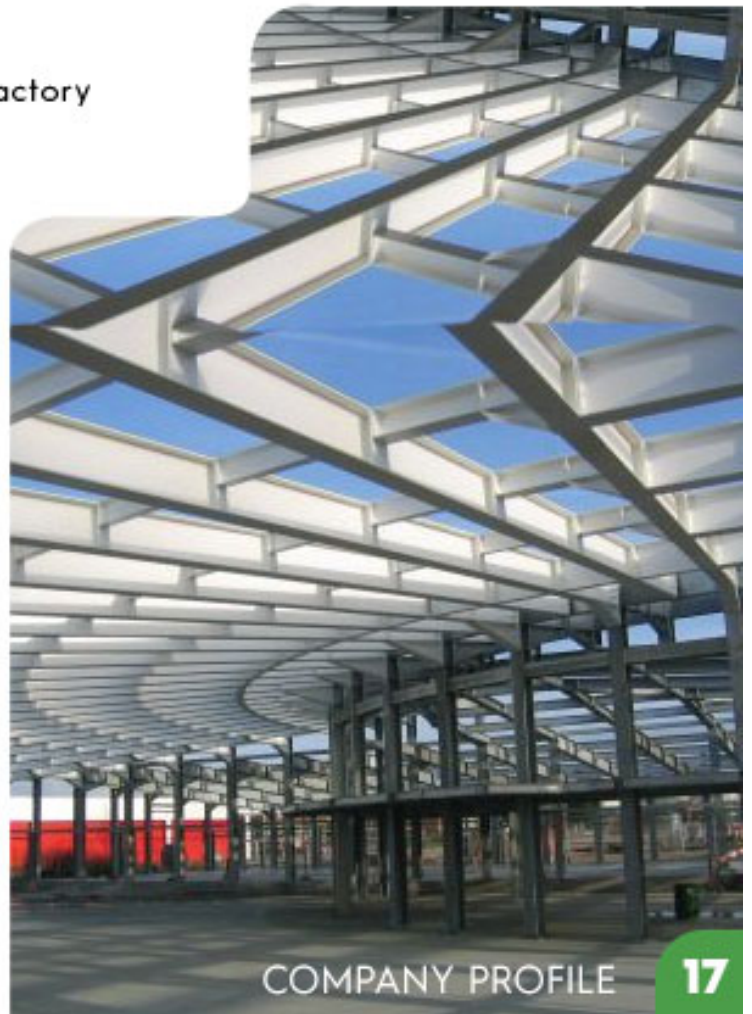

This is in conjunction with highest standard of workmanship during all stages of Process which will enable us to provide our esteemed clients with best quality of solution and services.

## ENGINEERING DESIGN AND PROPOSAL

- Structural Steel Designs
- Architectural Steel Design
- Conceptual design as per client and vendor
- Production line requirements
- Detail design for the entire project
- Design and Build for Industrial Plant/factory
- Tekla Modelling
- Analysis & Design Calculation Report
- Engineering Shop Detail Drawing
- Fabrication & Erection Drawing
- Concept Drawing & Proposal
- Detailing
- Drafting
- Cad Drawing
- 3D Modeling
- 2D Modeling

# ENGINEERING CODE AND PRACTICES

- IS Code
- ASCE/AISC/ASTM/ASTM Codes
- BS Codes
- Euro Codes
- IBC Codes
- UBC Codes
- NFPA Codes
- All Relavent National Codes

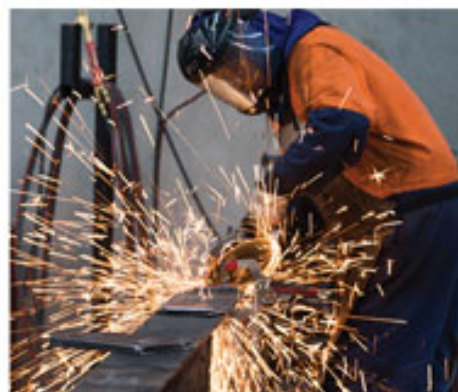

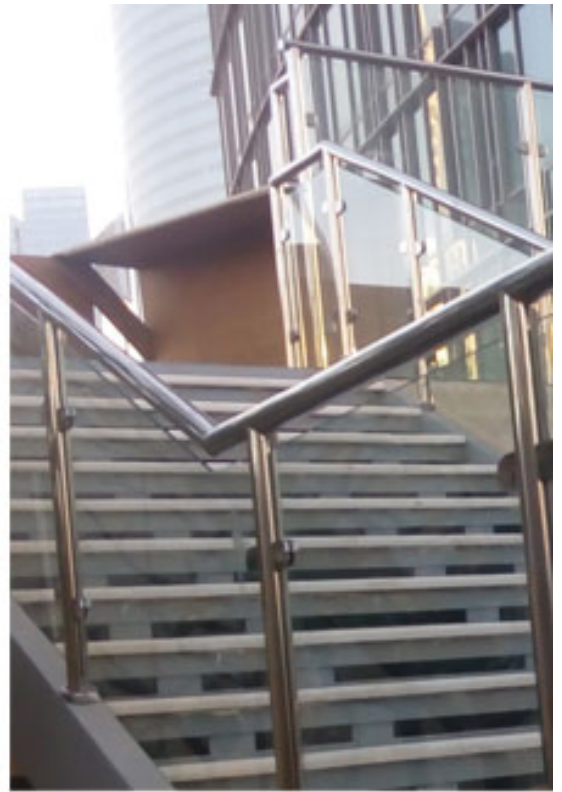

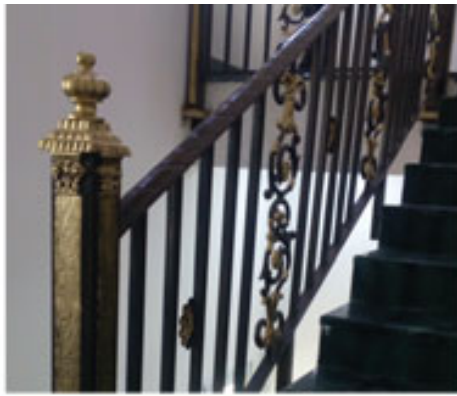

Our company's greatest asset are its satisfied customer because without customers, we are no company.

We work together as a team to provide the best solutions & services to our customers.

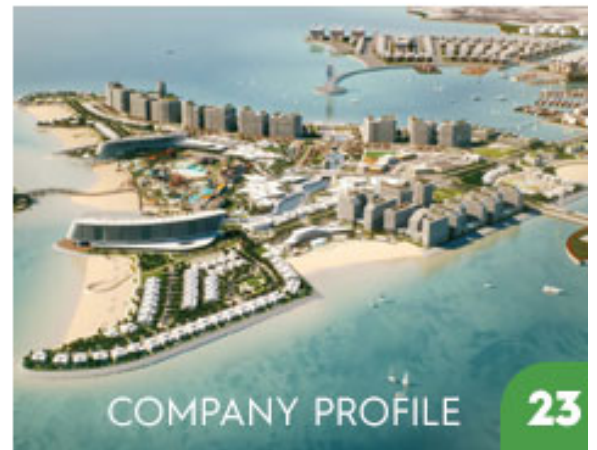

We constantly support development of newer technologies, products, improved processes, better services and management practices.

# OUR PROJECTS

We have successfully completed and exported our finished products to Qatar's Various projects

- Ras Abu Aboud Stadium-Qatar
- Lusail FIFA Stadium-Qatar
- Qetaifan Island North Phase-1-Lusail and Phase-2 Festival and Retail Plaza-Qatar
- Design and Building of Light Industrial and Logistic Units at Umm Al-Houl SEZ-Qatar
- Design & Built Mesaimeer Pump Station & Outfall Tunnel MPSO-Qatar
- Design and Build Project Al Alfa School-Qatar
- Design and Build Project of Dream Hotel-Qatar
- Design and Building Contract for Wakra and Wukair Drainage Tunnel Project C853/2-Qatar
- Yasmeen City Project -Qatar
- Woqod Fuel Station-Qatar
- Design and Build of Lusail Security Complex P-145-Qatar
- Satellite Station Unit for Technical Affairs-Qatar
- Qatar Armed Forces-Qatar
- Doha South Terminal Pumping Station and Regional Odour Control System-Qatar
